+World Communication Day– Sunday 13th May

On this day, Catholics are encouraged to pray for all those professionals who work in the field of Communications. A particular intention for prayer is for those who are responsible for communicating on behalf of the Catholic Church in this country.

The communications office of the Catholic Bishops' Conference of England and Wales supports the bishops, in their witness and engagement with current issues, and the Church more widely in promoting the Gospel through digital, social, print and broadcast media. The office is the central point for media enquiries and is a key resource for national and international media professionals. It also plays an important role in developing the public profile of the Church through word and image.

A retiring collection will be taken after all Masses this weekend to fund this important work. Please help us continue this work through contributing generously to the collection.

+Wales and the Marches Catholic History Society
